### PROFILE

Frontend Developer proficient in HTML, CSS, JavaScript, and React.js, skilled in creating responsive web applications. Eager to contribute to innovative projects and enhance user experiences.

### PROJECTS

#### Developed an E-commerce website for a Dress shop (HTML, CSS, JavaScript, React.js)

- Developed an e-commerce website for a dress shop using HTML, CSS, JavaScript, and React.js.
- Implemented user-friendly interface and responsive design to ensure seamless shopping experience across devices.
- Integrated interactive features such as shopping cart, and user authentication to enhance functionality.
- Optimized website for performance and security, ensuring fast load times and secure transactions.
- Utilized state management with React.js to handle complex data interactions and user sessions.
- Enhanced site security through encryption protocols and secure authentication methods.

#### Developed a Responsive Personal Portfolio Website (HTML, CSS, JavaScript, React.js)

- Developed a responsive personal portfolio website using HTML, CSS, JavaScript, and React.js.
- Designed with a mobile-first approach for seamless user experience on all devices.
- Integrated interactive elements such as project galleries, contact forms, and smooth navigation for enhanced user engagement.
